Laser Fungal Nail Treatment

8-12 treatments recommended to effectively reduce or eradicate bacterial fungal on nails.

Per session	£89
3 sessions	£250
6 sessions	£400
10 sessions	£500

Dermal Roller SR™

We are pleased to offer one of the most advanced and effective natural skin rejuvenation treatments available. This is an entirely safe procedure which involves moving thousands of tiny needles over the skin, producing miniscule pin pricks that encourage skin renewal (collagen stimulation). With Dermal Roller SR™, micro-medical needling promotes skin regeneration and natural repair. The results are smoother, brighter, healthier, younger-looking skin.

Benefits

- tightens skin
- reduces fine lines and fills wrinkles (face and décolleté area)
- improves the appearance of depressed acne or surgical scars
- minimises pores
- reduces pigmentation and sun damage
- helps minimise stretch marks and cellulite

Aftercare for Naturalaser Intense Pulsed Light Treatments

HAIR REDUCTION

Within 24 hours of each treatment,

DO NOT:

- undertake any activity that creates heat – such as exercise, sauna, steam bath, cooking over steaming pans etc. if having face treated.
- use a swimming pool or Jacuzzi.
- use perfumed lotions or skincare products.
- use sunbeds or sunbathe during the course of your treatment.
- have IPL 4 weeks prior or after a sun holiday.
- have treatments when immune system is low due to stress, excess alcohol/drugs, illness.
- use any method of hair removal including bleaching, waxing, hair removal creams and epilator if you have undergone Hair Reduction treatment. Trimming and shaving are fine to remove hair in between treatments.
- use Vitamin A or glycolic products for 2 days either side of any treatment other than a glycolic peel treatment.

DO:

- use only the recommended skincare products (SPF 30 & Aloe Vera) during the course of your treatment and apply liberally to soothe and rehydrate the skin.
- advise the therapist of any changes in medications and your health.
- seek the advice of your GP should you experience any ill effects.
- use sun protection SPF30+ on exposed areas being treated and only use fake tan if it will be completely worn off before your laser treatment (usually 5+ days). Remember that many products include a 'hint of sunshine'/fake tan.

LASER FUNGAL NAIL TREATMENT

- Keep nails short, clean and free of polishes during treatment. Discard of any polishes and nail files unless sanitised. Sanitise the feet after exercise and showering with Mundo sanitising spray. Avoid walking barefoot and bring fresh socks, tights to put on after every treatment. Ideally flip flops are best worn to air feet.
