Choose Yuu for a superior you

Since 2007, we've been bringing revolutionary health and beauty treatments to a wide range of male and female clients. Our philosophy is inspired by the Japanese word 'Yuu' which means superior. We go the extra mile to offer superior and innovative treatments that really work. In fact, Yuu Beauty in Edinburgh was one of the first salons to introduce Diamond Peel Microdermabrasion, Medical Oxygen Spa and, most recently, Juliette Armand Boosters to UK shores.

But that was just the beginning of our journey...

Your ongoing needs are important to us and we train therapists to the highest standard to deliver safe and effective results. We like to think our tireless approach to skin health and wellbeing makes us the reason why more and more clients choose Yuu Beauty. What's more, our exclusive Beauty Club means you can have access to special treatment rates and countless other benefits!

We know you want to look and feel your best at a price you can afford. Thankfully, you've made a superior choice and come to the right place...

www.yuubeaauty.co.uk

We want you to get the most out of your Yuu experience so there are just a few things to let you know...

Appointments

When booking any treatment, you will need to provide your credit or debit card details for a **£20 deposit** to secure the booking. Longer appointments may require a higher deposit. Please arrive at least 10 minutes ahead of your treatment to complete a mandatory consultation form. This helps our experts tailor any treatment for you.

Yuu Etiquette

To maintain our relaxing environment and to fully enjoy your Yuu experience, we respectfully ask that mobile phones are turned off before and during treatments.

Cancellation Policy

Cancellation of all appointments must be made **at least 24 hours** before your appointment time to avoid losing your deposit.

Groupon voucher appointments can not be changed or missed. If you contact the salon 48 hours before your appointment, it is possible to change your appointment for a fee of £10.

Health & Safety

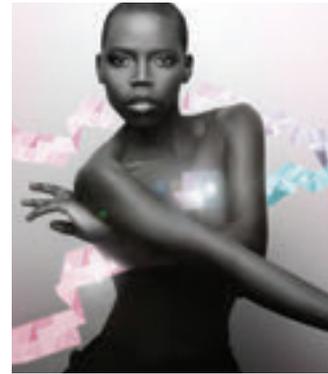

Unfortunately we are not insured to care for clients' children on our premises. Although we love little ones, our busy salon is not the right environment for small children. If it's possible to organise childcare, we recommend that you do so.

Student Discount

All students are offered a 10% discount on all full price treatments between Monday - Thursday 10am - 4pm.

Gift Vouchers

Gift Vouchers are ideal and flexible gifts which are valid for 6 months. Please ask at reception.

IPL (Intense Pulsed Light) Permanent Hair Reduction

Excess or unwanted body hair is a common complaint for our male and female clients. Our versatile IPL services provide safe and effective hair reduction or removal for face and body. IPL is the only clinically-proven method of permanent hair reduction and, because it is virtually pain free, it's no surprise that it's our most popular treatment.

We want you to have the best IPL treatment that suits your skin type. That's why our specialists offer two different hair removal solutions and each can be tailored to your individual needs:

1 Lynton Luminette

Internationally recognised as the best IPL treatment available, this is our most advanced system that can treat exceptionally delicate hair problems

2 Formatk 'All-in-One'

Ground-breaking technology which offers IPL and a range of other skin and nail perfecting treatments

Only at Yuu, for you...

Many clients hesitate when considering IPL treatment due to anticipated high costs. At Yuu, our IPL treatments are priced per session to help you manage your budget. We do not expect you to pay in advance for a course of treatments – all we ask for is a small deposit, redeemable against a future booking. If you're tired of other hair removal methods, then IPL is one affordable luxury you can't afford to miss!

Benefits

- safe and virtually pain-free procedure
- most effective form of hair reduction available
- long lasting results
- tailored IPL treatment preferences
- flexible payment options

Please note: an essential patch test at the cost of £20 must be carried out prior to any treatment to determine IPL effectiveness and suitability for your skin. This cost is redeemable against the purchase of future IPL treatments.

Diamond Peel

We're proud that Yuu Beauty Edinburgh was one of the first UK salons to offer Diamond Peel Microdermabrasion and its popularity continues to grow. Unlike traditional microdermabrasion machines that feature crystal heads, Diamond Peel utilises miniature diamond grain for a gentler yet more effective abrasion.

Diamond Peel Microdermabrasion, which can be altered according to body area and abrasion level, is a controlled form of surfacing in which diamond grain gently exfoliates the outer layer of the skin. This procedure promotes collagen and elastin production. The results are immediate – skin is visibly rejuvenated and firmer.

Diamond Peel Microdermabrasion is safe, painless and suitable for face, neck and body. For optimum results, a course of treatments is recommended.

Juliette Armand Boosters

NEW AND EXCLUSIVE TO YUU!

Thavma 'Miracle' Booster

45 mins	£50
Course of 10	£450

If you'd like to 'erase' your wrinkles without the use of needles or surgical intervention, then this advanced facial is for you! Thavma Therapy utilises EFFECTOX™ technology which inhibits the formation of lines and wrinkles. It also helps to protect skin from signs of ageing thanks to a special blend of highly active yet harmless ingredients. This facial has been described as the latest "miracle of Cosmetology" – so if you're looking for guaranteed results (average clinical tests show a reduction of 50% wrinkles or lines within 28 days), give it a try!

Opsis 'Look' Therapy

45 mins	£50
Course of 10	£450

For those who want wider, younger-looking eyes (and don't want to resort to upper eyelid surgery), Opsis is a revolutionary new eye contour treatment that 'opens' the eyes by activating and reinforcing the natural function of cells in the eye area. Based on high-end technology known as ANTITOX™, Opsis Therapy employs active ingredients to deter wrinkles, reduce black circles, combat swelling and dehydration. Clinical tests show an average of 60% reduction in eye irritation within 20mins and 60% reduction of black circles after 8 weeks. In other words, excellent results are guaranteed.

Chronos 'Time' Booster

60 mins	£60
Course of 10	£500

Forget about 'fillers' that use a mysterious pharmaceutical substance to fill out fine lines – the latest breakthrough involves reducing the depth of lines by creating a shield for the skin. Using a unique blend of active ingredients, Chronos Therapy stimulates the production of collagen and literally creates an active shield on the skin's surface. This makes it difficult for any 'intruder' to disrupt the biological balance and cause the skin to wrinkle. The main benefits of Chronos Therapy include reducing the length and depth of fine lines plus stimulating the production of glycosaminoglycan (which helps to maintain skin structure) and collagen. If it's younger-looking skin you want, we'd highly recommend this incredible treatment.

Derma Roller SR™ & Medical Oxygen Spa Facial

We are pleased to offer one of the most advanced and effective natural skin rejuvenation treatments. With Derma Roller SR™, micro-medical skin needling promotes skin regeneration and natural repair. The results are smoother, brighter, healthier, younger-looking skin. This is an entirely safe procedure which involves moving thousands of tiny needles over the skin, producing minuscule pin pricks that encourage skin renewal (collagen stimulation).

Benefits

- tightens skin
- reduces fine lines and fills wrinkles (face and décolleté area)
- improves the appearance of depressed acne or surgical scars
- minimises pores
- reduces pigmentation and sun damage
- helps minimise stretch marks and cellulite

NEW AND EXCLUSIVE TO YUU!

Medical Oxygen Spa Facial

For the very latest in anti-ageing treatments, look no further than this non-surgical, deep-penetrating and skin rejuvenating facial. As skin gets older, oxygen levels decrease which contribute to the appearance of wrinkles. The Medical Oxygen Spa Facial reverses declining levels of oxygen by propelling a unique blend of 100% pure oxygen and specially-blended serum (containing vitamins) deep into the skin. Thanks to Yuu's exclusive technology, clients can benefit from:

Lymphatic Massage – to drain toxins and kick-start lymphatic system

Micro-needling – a favourite of many A-list stars, this painless treatment uses microscopic needles to stimulate the production of collagen

Oxygen Infusion – penetrates 100% pure oxygen, vitamins and enzymes deep into the epidermal layers to smooth and plump skin

Oxygen Inhalation – breathe in 100% pure oxygen to improve skin cell immunity

This powerhouse treatment ultimately stimulates the production of collagen and leads to plumper, smoother, younger-looking skin. Results are visible after just one session. A truly exclusive treatment, only from Yuu!

If you want thicker, longer lashes, then this fantastic new eyelash treatment from the USA is for you! CryBaby Mascara is creating a buzz thanks to its unique formula that adds colour and up to 50% volume and length to lashes. The Crybaby Mascara formula – custom-mixed for each client – coats and curls the lashes. It won't fade and there is no need for lash extensions. The result is fuller, thicker lashes that last for around 2 weeks. They are 100% waterproof/smear-proof and perfect for holidays, special occasions or regular gym-goers.

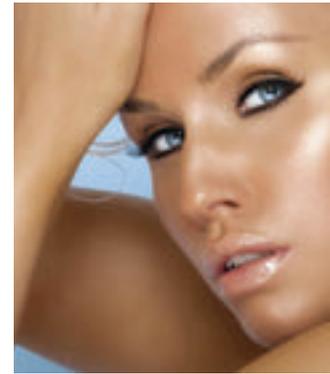

NEW AND EXCLUSIVE TO YUU!**i-Appeal – Lash Lift & Curl**

i-Appeal - Lash Lift & Curl with Tint

60 mins	£50
---------	-----

If you want longer lashes without the need for extensions, you might want to consider the revolutionary new i-appeal lash lifting treatment. Utilising the latest curling technology, i-appeal safely enhances the shape and appearance of your own eyelashes. It works by using special silicone pads which sit close to the lashline; lashes are then lifted from the root and gently curled. Your eyelashes will instantly look longer and thicker – a look that lasts around 8 weeks, if not longer.

**NO HANDS® Massage**

45 mins	£40
---------	-----

The essence of the idea is simple: instead of using our hands to massage, NO HANDS® practitioners make use of our forearms, elbows, knees, shoulders etc. Initially developed to save therapists careers from the problems of repetitive strain injury to the joints of the wrists, hands and fingers. What has become apparent through twenty years of development is that by using these techniques, not only is the original goal achieved, but the techniques also allow the therapist to perform much deeper and more powerful massage than was previously possible.

As if that wasn't enough, because the therapists in NO HANDS® Massage are trained to move from their Hara (energy centre) whilst practising the techniques, they are able to connect with their clients on a deep energetic level, adding a new dimension to the massage treatments.
